

# **hygie**<sup>®</sup> PRESS Release

## A Revolutionary New Product Hygie<sup>®</sup> Disposable Wash Gloves

Hygie<sup>®</sup> wash gloves are pre-moistened with a gentle hypoallergenic cleansing lotion. They make the perfect solution for busy, on-the-go people, and are also used in clinics and hospitals.

The cleaning lotion, specially designed to comfort sensitive skin, cleans the body with no water required. The disposable gloves are ideal for a quick wash, and they're great for use while travelling or after exercising. They leave skin fresh and clean, and can also be warmed in the microwave for an extra soothing wash.

Hygie<sup>®</sup> gloves are now available in pharmacies in packages of 2 or 8.

Hygie<sup>®</sup> sells specialized products that limit the spread of bacteria and reduce the risk of infection. Hygie offers a range of cutting-edge products for health workers and home care providers.
